## *Enrichment Day for Married Couples*

**Many couples assume that their marriage is strong and effective, and do not invest the time to ensure that it grows better over time. Then, when they are faced with new challenges or stresses, even the best marriage becomes frayed or unraveled. Developing the right skills and sensitivity is the best way to ensure that a good marriage grows even better. Spend a day of listening, sharing and reflection that will re-ignite that spark that brought you together. The day will begin at 9:00 AM with coffee and bagels. This will be followed by a series of talks and exercises throughout the day given by trained married couples. We will break at 11:30 for Mass followed by lunch. The day will end around 5:00 PM.**
